

# FRESHWATER SPIT/LAGOON, HUM-101

District 1

This picture was taken in January 2004 looking north along Highway 101 at the entrance to the Park.

This picture, also taken in January 2004 looking north along Highway 101, illustrates the wintertime “solitude” of Freshwater Spit/Lagoon.

Under terms of the 2000 General Management Plan, RNP began charging for RV parking. This picture was taken in July 2003 looking northeast from the east side of Highway 101.

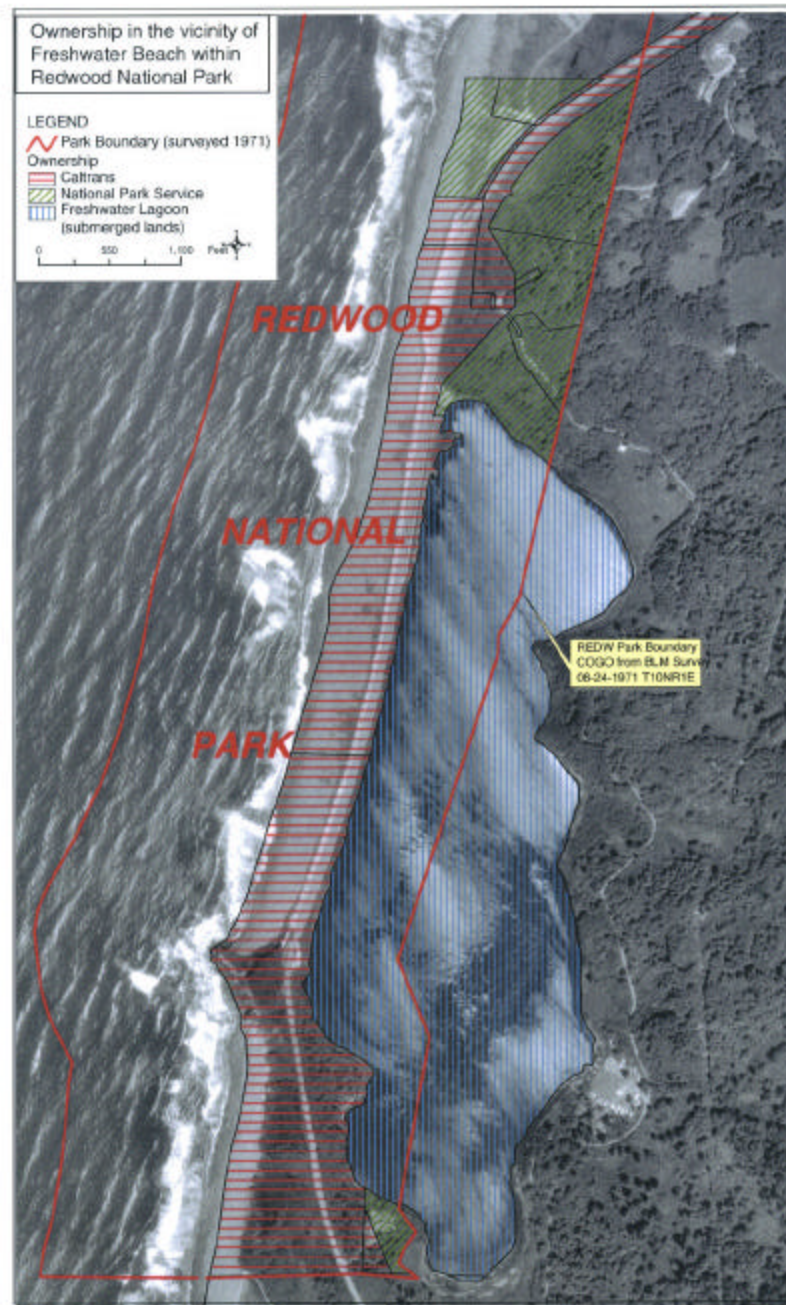

Looking southwest from above Freshwater Lagoon, RVs can be seen parked single-file along Freshwater Spit. Prior to RNP management as many as 300 RVs would park 3 abreast along the Spit.

This map, provided by RNP, shows the boundaries of the Park and property ownerships.

This picture was taken in January 2004 looking north along Highway 101 at the entrance to the Park.
